9310 COOPERATION WITH MUNICIPAL AGENCIES

The Board of Education will cooperate as fully as possible with other public agencies in the community who, by their nature, deal with students. Agencies will include, but not be limited to, the agencies listed below.

1. Fire Department counsel shall be sought to achieve student and staff safety in case of fire. The building principal shall coordinate all fire safety activities. No fire drills shall be permitted without the permission of the building principal.
2. Police Department officers will at all times have full cooperation from school district employees. Investigations within the school shall be consistent with the rights of juveniles. Student investigations shall be approved by the building principal and the Superintendent of schools.
3. The Board will work closely with the borough council on all matters of mutual concern.

Adopted: 28 September 1998
